

Get Involved

There are three ways to get involved in the "Voices for Change" movement:

- Join our Mailing List"Voices" has a Google Group setup to build a community and communication link among the artists, their supporters and those who will be inspired to call for Change because of the movement. Please join the mailing list and contribute your voice today. You can also visit the mailing list archive.
- Support their VoicesAmplifying the voices of Zimbabwean artists requires resources. We are launching a campaign to recruit Amplifiers. Amplifiers commit to a donation of \$10 each month for one year. Amplifiers are critical building blocks in the movement for change in Zimbabwe. Only when we have successfully recruited 100 Amplifiers can we reach full scale and catalyze the kind of movement we want to see in Zimbabwe. If it is within your means, and Zimbabwe and protest art is important to you, please consider becoming an Amplifier today.
- Speak your VoiceDo you have a fundraising idea you want to share? Are you a Zimbabwean artist or can you refer a Zimbabwean artist? Do you have feedback for this website? We want to hear from you.
